Product omschrijving

The DP6A™ PLUS Angled Cat 6A Punchdown Patch Panel terminates 4-pair, 22–26 AWG, 100 ohm unshielded twisted pair cable with an industry standard single wire 110 punchdown tool. The patch panels mount to 19 inch and 23 inch racks and include 48 ports. Each module is 100% factory tested to exceed industry standard performance requirements. The angled design facilitates proper bend radius control and minimizes the need for horizontal cable managers. The panel is 2 RU, made of steel, and is black.

Technische specificaties

Aantal bussen/koppelingen	48
Geschikt voor aantal connectoren	48
Connectortype	RJ45 8(8)
Afgeschermd	Nee
Categorie	6A (IEC)
Aansluitwijze	Overig
Aantal hoogte-eenheden	2
Kleur	Zwart
RAL-nummer	9005
Montagewijze	19" inbouw
Hoogte	88.1 mm
Breedte	482.6 mm
Diepte	112.4 mm
